

Jeremy Peters

UI Designer • Front End Developer • Project Manager

67 Stockholm St. #3F Brooklyn, NY 11221 • (929) 253-1259 • jrmyptrs@gmail.com

/ Profile

Over ten years of combined experience in web, graphic, and print design as a front end programmer, UI designer, project manager, and strategist.

Additionally, I have experience with responsive web design (for mobile & tablet devices), front end frameworks (Bootstrap, Foundation), content management systems (WordPress, Shopify), custom designed e-mail blasts and templates, on-page search engine optimization (SEO), and search engine marketing (SEM). Background in customer service including hospitality and restaurant work.

Volunteered for 4 years at the Arizona-Sonora Desert Museum as a Junior Docent, speaking and presenting in public to museum guests.

In my free time, I am an avid musician experienced in writing, recording, and touring. Other interests include sci-fi, sports, dream interpretation, and typography.
