

Jeremy Peters

UI Designer • Front End Developer • Project Manager

67 Stockholm St. #3F Brooklyn, NY 11221 • 929-253-1259 • jrmyptrs@gmail.com • <http://jrmyptrs.github.io>

/ Profile

Over ten years of combined experience in web, graphic, and print design as a self-taught front end developer, UI designer, project manager, and strategist.

In my experience, I have acquired skills and knowledge in responsive web design, front end frameworks (*Twitter Bootstrap* and *ZURB Foundation*), content management systems (*WordPress* and *Shopify*), custom email templates (*MailChimp*, *Constant Contact*, etc.), as well as on-page search engine optimization.

As a teenager, I volunteered for 4 years at the Arizona Sonora Desert Museum as a Junior Docent, speaking and presenting in public to museum guests.

In my free time, I am an avid musician experienced in writing, recording, and touring. Other interests include sci-fi, sports, dream interpretation, and typography.

/ Education

GED, Pima Community College
Tucson, AZ – 2003

/ Technical Skills & Capabilities
